Indiana Corrections Conference Company  
302 W Washington Street, E334  
Indianapolis, IN 46204

# Schedule

## Welcome from the Indiana Department of Correction

Addressing mental illness from corrections through community re-entry is critical to upholding the correctional principles of maintaining public safety and promoting successful offender re-entry. Jurisdictions throughout the country are faced with many challenges associated with the management of mentally ill populations. The 2008 Conference, "Unlock the Mystery: Managing Mental Health from Corrections to Community," will serve as a national conversation to highlight and share correctional promising practices. I look forward to your attendance.

Sincerely,

J. David Donahue, Commissioner
